Jeff Rice as posted on his Facebook entry

Residents in Penistone and Stocksbridge may recall that earlier this year, a certain Jeff Rice, a Green Activist, and his partner Vicki Shaw, were signing up letters of support in both towns. Rice, an Ecologist according to his own job description, and Ms Shaw were themselves signed up **and paid** by Evelop UK to solicit letters of support for the proposed Sheepphouse Heights wind farm. We now know that his doppelganger, “Jeff MacDonald” has been similarly active in Berwick and other northern areas, as well as in the East Riding of Yorkshire.

But the sunglasses are a dead giveaway- Jeff Whatshisname, seems inseparable from his distinctive sunglasses whatever the weather. If and when you next see him, ask him how much he has been paid to campaign, oh, and by the way, don't forget to ask him to tell you his name!
